EXPERIENCE

Full Stack Mobile Developer – Huawei Technologies

UAE, Jan 2020 – Present

- Help 2 Million Huawei users download apps by developing “AppFinder”, an Android app store based on MVVM architecture using Kotlin, Coroutines, Retrofit, Flow, and Hilt.
- Design, develop and publish smartwatch apps for various top companies including Emirates, Tawasal, Steppi, and more.
- Deliver high quality Java and Kotlin code to a diverse array of companies including Carrefour, Dubai Police, Emirates Auction, Talabat, Virgin Mobile and more.
- Reduce integration time of Huawei Maps, Location, and Site SDKs by creating easy to use libraries for Android and React-native.
- Create a tool to monitor server performance using Kotlin, Jetpack Compose, and Next.js.
- Save 2 hours/week publishing app updates by creating a pipeline for Azure using python.
- Develop a windows CLI tool to automate internal operation tasks using Node.js.
- Create and maintain a monthly newsletter using Next.js and Material UI to keep business partners updated on Huawei news.
- Provide leadership within the engineering department through close collaboration, knowledge sharing, and mentorship.

Full Stack Web Developer – Algebratéc Technologies

Algeria, Nov 2018 – Oct 2019

- Saved the team 4 weeks of work by creating Node.js scripts to automate creating Angular projects, enhancing code sharing across projects.
- Developed Algebratéc's dashboard for managing clients API access using Angular and Laravel.
- Designed Algebratéc modern business website using WordPress.
- Collected data from hotel booking websites by developing a scraping tool using Goutte/php.
- Simplified Algebratéc API integration by creating a documentation website with Swagger-UI.

Android Developer – Younes Apps

Algeria, Mar 2016–Sep 2019

- Developed, tested, and published over 25 Android apps using Java, Android SDK, Firebase and Google SDKs for diverse purposes.
- Created 2 fun games using libGDX, although they were not published due to copyright.
- Built two REST API services using Laravel/PHP.

EDUCATION

Bachelor Degree of Computer Science – University of Abdelhamid Mehri Constantine, 2018

- Majored in Information Technologies, developed many Web and Android projects using Java, JavaFX, JavaScript, CSS, Node.js, Express.js, MongoDB, MySQL, WordPress and more.
